

# FINANCING OPTIONS

## e-MunicipalFinance

e-PlanSoft™, the leader in Electronic Plan Review solutions, is pleased to offer e-MunicipalFinance.

e-MunicipalFinance is a tax-exempt municipal lease program offered to public agencies that want an easy and affordable way to fund the purchase of their electronic plan review solution.

Tax-exempt leases allow your agency to fund 100% of a project with no down payment, and no obligation to make payments for the first year. Since the interest earned by the lender is exempt from federal income tax, borrowing rates for agencies tend to be lower than commercial bank rates.

### Additional Benefits:

- 100% Project Financing
- Hardware Upgrades and other Equipment can be rolled into one financing package
- Fast Approval Process
- Flexible Repayment Terms
- Low Tax-Exempt Interest
